Mr. Rolf L. Andersson

Dear Mr. Andersson:

Your recent letter to me was deeply appreciated. We are always heartened when citizens of other nations recognize that the work of this Agency and the efforts of this Government are in fact directed toward maintaining the security of the entire free western world.

The functions of this Agency do not include distribution of information and documents to the general public. However, I am enclosing a brochure which describes the statutory responsibilities of the Agency. This brochure includes other information pertaining to the individuals who have occupied the position of Director of Central Intelligence.

Per your request, I am enclosing my signature on a card.

Sincerely,
